# ITINERARIES AND DEPARTURES 2017 AL ANDALUS TRAIN

— Extremadura Itinerary  
 — Andalusia Itinerary  
 ..... Bus path

*Step on board the Al Andalus and discover why this palace on wheels is considered the most spacious and luxurious tourist train in the world.*

Travelling on the Al Andalus train is like going back in time. Conceived from the start as an exponent of elegance and comfort, its magnificent lounge carriages and its comfortable suites take passengers back to the Golden Age of the foxtrot and sophistication of the Belle Époque. Not surprisingly, carriages belonging to

the same series as these that nowadays compose the Tren Al Andalus, yesteryear clattered along the tracks that cross France from Calais to the French Riviera with the members of the British monarchy as illustrious passengers.

Being a guest on the Al Andalus train is like

living in an authentic palace on wheels, in which you will enjoy the constant attention of our crew, the elegance and comfort of a luxurious train to seize every moment and every destination. A palace on wheels to travel and explore diverse lands as Andalusia, Castile and Extremadura.
